

# Leveled Literacy Intervention: Overview

---

The Fountas & Pinnell Leveled Literacy Intervention System (LLI) is a small-group, supplementary intervention program designed to help struggling readers in the primary grades. The program is comprised of daily, small-group instruction for an additional 30 minutes.

The LLI program is for students from beginning reading in Kindergarten/Grade 1 to beginning reading for Grade 3.

LLI is designed to be used with small groups of young children who need intensive support to achieve grade-level competency.

- Participants include struggling readers who are not receiving another supplementary intervention.
- English language learners can also benefit from LLI. Each LLI lesson provides specific suggestions for supporting English language learners.
