

HOLYOKE PUBLIC SCHOOLS

A PATHWAY FOR EVERY STUDENT

Acceptable Computer and Internet Use Policy Agreement Form

Internet and computer access through the HPS is a PRIVILEGE offered to enhance your learning. It is not a right. Therefore, student access may be limited or revoked by school officials if this privilege is abused or violates acceptable use. Students engaged in unacceptable use of the Internet and computers will also be subject to disciplinary action in conformity with the HPS Code of Conduct and Discipline Policy. All student use of computers and the Internet is to be conducted under faculty supervision. Nevertheless, students are responsible for acceptable use of a computer network. The computer network is provided for students to conduct educational research and support educational endeavors. The HPSs believe that the benefits to students from access to information resources and opportunities for collaboration exceed any potential for abuse. The HPS maintains tools that blocks access to inappropriate sites. Ultimately, however, parent(s)/legal guardian(s) of minors are responsible for setting and conveying the standards that their children should follow when using computers and the Internet.

Student Access

All students in Pre-kindergarten through Grade 12 will take part in an annual grade-level appropriate discussion of the Holyoke Public Schools' Acceptable Computer and Internet Use Policy with their teachers before being authorized to use the computer and the Internet.

Access to Student Files

Students should have no expectation of privacy in the use of computers and the Internet. Pursuant to local, state, and federal laws, administrators and staff may provide access to student files and records to law enforcement authorities. All files will be subject to the Holyoke Public Schools' Code of Conduct and Discipline Policy and local, state, and federal laws and regulations.

Personal Safety

The Holyoke Public Schools (HPS), in its commitment to promote a safe and secure learning environment, has high-end filtering software to filter inappropriate sites. However, the filtering software cannot ensure that all inappropriate sites are blocked. Students are expected to adhere to the Holyoke Public Schools' Code of Conduct and Discipline Policy. Any deliberate destruction, modification, and tampering of technology equipment will be subject to disciplinary action and/or referral to law enforcement authorities. Any activity which inhibits or interferes with the normal operation of the hardware and software which comprise the Holyoke Public Schools' computer network system is also subject to disciplinary action.
