

The Holyoke Public Schools Dual Language Pathway

The HPS Dual Language pathway offers students the opportunity to learn in both English & Spanish, and we are currently accepting applications! Learn more about our special offering, and then get your student started on this exciting journey by applying at www.enrollholyoke.com today.

3 AMAZING REASONS TO TAKE THIS PATHWAY

1. The HPS Dual Language pathway provides a supportive and engaging environment where students can reach high levels of academic achievement, bilingualism and biliteracy! This is the start of a student's journey to earning a [Seal of Biliteracy](#) from the state of Massachusetts.

2. This program is right for EVERYBODY! Whether you are Spanish dominant or English dominant, this program will strengthen skills in BOTH languages. EVERYONE will thrive in this program and will be set up for academic success!

3. We're still growing! Currently, the program is offered at Metcalf, E.N. White, and Kelly School in a range of grade levels. It starts at the PreK level - 4 years old on Sept. 1 - so your young learner can get started on their journey to bilingualism today.
